"Design canâ€™t be just the art of making beautiful objects. It has to be the act of making life better for those in need. The Way to Design is the first practical and inspirational guide for designers who want to create positive change in the world."

The Way to Design by Steve Vassallo

Architectural design values make up an important part of what influences architects and designers when they make their design decisions. However, architects and designers are not always influenced by the same values and intentions. Value and intentions differ between different architectural movements. It also differs between different schools of architecture and schools of design as well as ...
