One of the difficult aspects of assessing young children is the copious amounts of written observational notes. I'm striving to make a system that makes this easier.

Assessment using the Early Years Learning Framework

Action learning is an approach to solving real-life problems. It involves taking action and reflecting upon the results. This helps improve the problem-solving process as well as simplify the solutions developed by the team.. The theory of action learning and its epistemological position were originally developed by Reg Revans (1982), who applied the method to support organizational and ...
